

INTERNATIONAL ACADEMY OF CLASSICAL HOMEOPATHY

Greetings!

Thank you for your interest in the International Academy of Classical Homeopathy North American 3-year Practitioner Program by George Vithoukas for medical professionals, experienced homeopaths, 1st-time students, and new practitioners!

About the Program

This is a distance learning practitioner program in real time in our online classroom operated by professors of homeopathy at our satellite office in the United States for students in North America. The most accomplished homeopaths and professors of homeopathy in the world were students of Professor Vithoukas, and at IACH students learn directly from Professor George Vithoukas's lectures and wealth of homeopathic experience and knowledge. We welcome our new class of 2024 and are currently accepting applications for our 3-year program beginning on August 28, 2021.

The deadline for application submission is August 20, 2021.

This program is a life changing experience for both experienced homeopaths and new students of homeopathy alike. Advanced homeopathic practitioners who have taken our course after many years of professional practice are astounded by how much more they learn from this course. *NOTE: Current CHC holders and also those who have previously graduated and received a diploma from IACH receive a 50% discount on tuition for the upcoming year.

At IACH, education is based on the highest educational standards according to the principles of Samuel Hahnemann M.D. This is the only homeopathy program adopted as a Postgraduate Course by several medical universities from around the world. Professor Vithoukas's main contributions to Medicine include:

The Levels of Health

IACH Environment

Students of IACH are not only taught by Professor George Vithoukas – the leading voice world-wide in classical homeopathy today - but they find themselves immediately welcomed into this classical homeopathic community by Dan Horvath, IACH, DIHom, CCH, RSHom(NA), Cristina Horvath, IACH, DIHom, CCH, and all the associates of the International Academy of Classical Homeopathy as they study alongside national and international peers in this distance learning classroom platform. Students build a new in-depth understanding of homeopathy, gain perspective and experience, and establish kinship within our homeopathic circle – enabling learning opportunities to last a lifetime.

About Professor George Vithoukas

George Vithoukas is one of the most renowned and experienced classical homeopaths in the world.

In 1996, he was honored with the Right Livelihood Award (also known as Alternative Nobel Prize) “for his outstanding contribution to the revival of homeopathic knowledge and the training of homeopaths to the highest standards”. The United Nations (Development Forum) considers this award “Among the world’s most prestigious awards”.

George Vithoukas is the author of the following books:

- “Materia Medica Viva” (13 volumes)
- “A New Model for Health and Disease”
- “Talks on Classical Homeopathy”
- “Essence of Materia Medica”
- “Classical Homeopathy for Anxiety and Jealousy”
- “Homeopathic Conference Esalen”
- “The Bern Seminar”
- “The Celle Seminars”
- “The Basic Ideas of Homeopathy”

In 1995, he established the International Academy of Classical Homeopathy in Alonissos, Greece, where he serves as Head of Educational Department. Through his teachings at the Academy, Prof. Vithoukias presents his most current theories regarding levels of health. Prof. George Vithoukias has recorded his teachings in a complete and didactic way, in order to improve the qualification of homeopaths, and set a gold-standard of homeopathic education worldwide. The information throughout the course is based on his personal experience of over 60 years.

Class Schedule

Classes for the 2021-2024 program will be held on Wednesdays from 5 PM to 9 PM Arizona time, and also the second Tuesday of each month from 5 PM to 9 PM Arizona time. Orientation for the forthcoming year is August 28th, 2021 and classes begin September 1st, 2021. Classes are held online via Zoom. Cristina Horvath is the primary instructor throughout this 3-year journey as students observe Professor Vithoukas' lectures. Ms. Cristina Horvath's 20+ years of experience in classical homeopathy, deep understanding of George Vithoukas teachings, and nurturing instruction helps to empower students to become successful and confident future practitioners in this healing art. Prerequisites for the Course

We invite students to join our program from all different areas of expertise and study. A bachelor degree is required for admission. Also, students who have not taken Anatomy, Physiology and Pathology classes in their undergraduate program prior to taking our program need to also complete these certification prerequisites prior to finishing the 3-year program in order to receive an IACH diploma. We recommend (where possible) taking the course in year one to

provide a foundational understanding with which to better approach the cases covered in the Practitioner Program and before students begin taking their own supervised cases in years 2 and 3.

For more information regarding Anatomy and Physiology and Pathology classes please see <https://vithoukas.college/anatomy-physiology-pathology-courses/>

Tuition & Fees

The total cost for the 3-Year North American Practitioner Program is \$12,875.

The tuition for the 3-year Practitioner Program is \$12,000 plus a nonrefundable \$50 registration fee. An additional fee of \$275 per annum for our Student Internship Clinic is due in two separate payments of \$412.50 prior to the second and third year of the program. Second and Third year students are required to attend the Student Internship Clinic (via Zoom) once a month on the 4th Tuesday of each month from 5 PM to 9 PM Arizona time.

Students may make tuition payments on request according to the following payment schedules:

- A lump sum payment of \$12,000 may be made prior to entering the program
- An annual payment may be made of \$4000 prior to each new commencing year (no interest or financial penalty)
- A payment of \$1333.33 may be made 3 weeks prior to each semester (3 payments per year for 3 years with no interest or financial penalty)

*An additional fee of \$412.50 per annum (prior to years 2 and year 3 only) for Student Internship Clinic is due by July 1st of year 2 and year 3 - regardless of and in addition to tuition and payment plan.

Clinical Training

Our clinical training at IACH is woven throughout the course. In addition, IACH has continuously updated clinic modules which are a minimum of 100 hours for a total of 200 hours of combined observation and study hours. These modules include recent cases taken by George Vithoukas as well as our international adjunct faculty. Students also participate in our IACH Student Internship Clinic with Cristina Horvath and Dr. Latika Jaggi (via Zoom) during the 2nd and 3rd year of the program, once per month for 4 hours. The Student Internship Clinic includes 80 hours of additional supervised clinical hours as students take and follow clinical cases. These cases may be attended via Zoom, as a webcam will be used during these clinics. Students, and friends and family of students are invited to participate and receive treatment (free of charge) during internship clinic sessions as students participate in and observe live case-taking, case analysis and prescribing from our student interns and faculty. Students are also offered the option of attending the Live Alonissos Clinics in Greece in lieu of the clinic module hours. More details about our courses in Alonissos can be found here:

<https://www.vithoulkas.com/education/courses-alonissos>

Finally, students are also closely supervised as they take their own very first ten cases. These are a minimum of 140 hours total. Students also meet (one on one) with a North American Faculty instructor to thoroughly discuss their cases - a minimum of thirty times (total) for supervision and mentoring during their second and third years of the program.

Book Requirements

Books are the responsibility of the student to acquire, and are not included in the tuition cost for the program. Following is a list of the minimum required books. Many of these are offered at a deep discount from our online bookstore to accepted students. A more extensive list of highly recommended reading is also provided to students who are accepted into the program.

*Organon 6th Edition – S. Hahnemann

*Lectures of Homeopathic Philosophy – J.T. Kent

*The Science of Homeopathy – G. Vithoulkas

*Levels of Health, 3rd revised edition 2019 – G. Vithoulkas

Bookstore: <https://www.vithoulkas.com/learning-tools/books-gv>

*Note: Students who have paid the entire tuition for all three years in a lump sum payment by the first payment installment date (in August, 2021) after formal acceptance into the program, will receive the following books free of charge with complimentary shipping:

- *Science of Homeopathy, by George Vithoulkas*
- *Levels of Health, by George Vithoulkas*
- *New Model for Health and Disease, by George Vithoulkas*
- *Homeopathy-Medicine for the New Millennium, by George Vithoulkas*

Software Requirements

Students are also required to use Vithoulkas Compass software for repertorization during the second and third years of the program, which is offered at a deep discount to enrolled students. A free trial is available here: <https://www.vithoulkascompass.com/en/Homeopathy/Pricing>

Attendance

As this course utilizes immersion methodology and each class is uniquely and heavily saturated in case taking, patient intake, case analysis, and clinical training, we do not record classes in

accordance with HIPAA regulations, and a strict 80% attendance policy in our distance learning classroom is strongly enforced in order that students may acquire the highest level of education and training.

Practicing Homeopathy

There are many avenues by which a person can begin practicing homeopathy in the US. The type of education you have, where you received your education and the laws of the state in which you live are all factors that may affect your path towards practicing homeopathy.

Please note that certification is not a license to practice homeopathy. Each state regulates homeopathy and other alternative and complementary medicine disciplines differently. For more information, contact your state Attorney General's office.

International Academy of Classical Homeopathy offers an academic Course based on the highest educational standards according to the principles of Samuel Hahnemann.

This Course offered by the International Academy of Classical Homeopathy contains all the necessary knowledge to provide a solid foundation towards becoming a good homeopath. Therefore, our Diploma certifies knowledge, but does not automatically give one the right to practice homeopathy. Students must comply with the laws and regulations of their respective state/country. As these laws are varied around the world, the responsibility for that research falls to the interested student.

Professor Vithoukas was awarded the Right Livelihood Award (Alternative Nobel Prize) in 1996: "...for his outstanding contribution to the revival of homeopathic knowledge and the training of homeopaths to the highest standards."

We are also the only Homeopathy School that has cases treated with Classical Homeopathy published in peer review Medical Journals <https://www.vithoukas.com/research/clinical-cases> and the only Homeopathy School which has presented papers in many international medical congresses of high standards <https://www.vithoukas.com/research/congresses>.
